

roofer RW3400

roofer RW3400

the professional lightweight welder for the roof

simple. good. affordable.

roofer RW3400

The handy hot air welder prevails giant machines in welding quality: handy, simple and good!

**Lightest in its class!
(only 15 kg)**

simple. good. affordable.

Extra wide 40 mm welding nozzle fulfills international roofing standards.

Heavy weight direct above the contact roller results in a high quality weld seam.

Powerful 3400 W hot air blower to achieve the desired temperature and air volume.

Integrated laser beam for easy machine guidance.

- Free adjustable speed up to 7.5 m/min
- Made for TPO and PVC materials
- Automatic driving and welding start
- Guide bar and lifting device for easy handling
- Free variable welding temperature

The ideal supplement to the WELDY roofing devices

WELDY energy 1600 overlap welding kit

Perfect storage case for all necessary tools (included with purchase)
